

COMMUNITY GARDENING VISIONING QUESTIONS

1. What excites you about community gardening?
2. What activities do you envisage happening in a community garden? Who will use the garden and what will they use it for?
3. What community needs could a community garden help to meet?
4. What issues in your community could a community garden help to address?
5. What initiatives or activities that are already happening (or are planned) in your community could complement a community garden?
6. What organisations, groups or businesses might benefit from partnering with a community garden in your area?

Produced as part of the Growing Communities WA project (2008 – 2010)
with funding support from Lotterywest, City of Swan and Town of Cambridge.
